Shakopee, MN -- A Thursday night import handle record was set at Canterbury Park tonight when \$646,399 was wagered on the 10-race card through various out-of-state racetracks and online wagering sites.

The Shakopee, MN racetrack's previous Thursday record import of \$634,407 was set Aug. 12, 2004 when nine races were offered.

An additional 195,479 was wagered on track by a crowd of 6,578.

Canterbury Park's races are reaching a wider market this season and are broadcast on TVG, a U.S. horse racing television network, each Thursday. Import handle for the meet has increased by 30% compared to 2012.

Canterbury will race 69 days this season. The race meet, which began May 17, concludes Sept 14.
