# Welcome to the 2010 25<sup>th</sup> Anniversary Racing Meet

This year marks the 25<sup>th</sup> Anniversary since the inaugural season of racing at Canterbury. To those horsemen who have been a part of our storied history, thank you for continuing to race at Canterbury Park.

For those of you who haven't been here before, I invite you to become a part of our future. Spend a summer at Canterbury Park and learn first-hand why we have earned a reputation as one of the most horsemen friendly tracks in America.

Our Silver Anniversary Season is packed with race days sure to create more historical highlights. Once again, the national racing spotlight will shine on Canterbury Park on Saturday, July 24 when we will be hosting Claiming Crown for the 10th time. We look forward to horsemen from all around the country joining us for this special day when **\$500,000 will be distributed to the owners of racing's "blue-collar" runners.**

**Other highlights of Claiming Crown Day will be the \$100,000 Lady Canterbury Breeders' Cup Stakes for fillies and mares and the \$15,500 Pfizer Challenge for Quarter Horses.**

The Festival of Champions will cap our 62-day season this year on Sunday, August 29. That day offers up **\$400,000** in purses exclusively for Minnesota-breds.

Our dirt track, which underwent a major renovation prior to the 2008 live meet and our turf course are recognized as being among the safest in the country. Another Canterbury Park asset which horsemen take advantage of is our state-of-the-art equine swimming pool.

Our horsemen have been the focal point of our history for the first 25 years, and it will remain that way during our next 25. I hope to see you at Canterbury Park this summer. Remember, my door is always open.

Sincerely,

A handwritten signature in black ink, appearing to read "Randy Sp", with a long horizontal flourish extending to the right.

5. Preference dates are good for any type of race or distance with the exception of stakes and trials. **Horses starting in stake races and trials will retain their previous date.**
6. A zero has first preference.
7. Horses without foal papers on file in the Racing Office will have last preference.

9. **When a turf race is removed from the turf, all horses that run on the main track retain their previously held preference date.**
10. **Horses which scratch or are scratched will keep their preference as if they had run. Parts of entries that scratch will receive the date of the scratch as their running date.**
11. All horses placed on the Stewards, Veterinarian or Starters list will be posted on the bulletin board. They will not be permitted to enter until they have been approved to start. 12. Horses which have established a date at the current meeting will lose their preference should their papers be withdrawn from the Racing Office or demonstrate intent to race elsewhere and must reestablish a preference date at this meeting.
13. In no way does the claiming, ownership transfer or trainer transfer of a horse affect the preference date.
14. When a horse's name appears in a race—other than a stakes or trials—and is entered for the following day, such an entry will be given no consideration should the race in which it is entered overfill.

## **CLAIMING PROCEDURES**

### **1. HORSE OWNERS WITH A HORSE ON THE GROUNDS**

A licensed horse owner who is registered to participate at the race meeting and who has a horse on the grounds may make a claim for a horse without obtaining a Claim Certificate. Such an owner has to be a qualified horse owner both by the Minnesota Racing Commission and the racing association.

### **2. LICENSED HORSE OWNERS**

An individual who has a valid license as a horse owner—even though he or she may not at the present time actually own a race horse registered to race—may request a Claim Certificate from the Stewards which will authorize a claim. The Stewards will review the individual's qualifications, determine whether or not the individual has made proper arrangements with a licensed trainer for the care of any claimed horse and will issue a Claim Certificate when satisfied that the owner meets all claiming qualifications.

### **3. UNLICENSED PERSONS**

An individual who desires to become an owner of a race horse through claiming may request a Claim Certificate from the Stewards by the following method:

Submit a completed application for horse owner's license to the Minnesota Racing Commission at the meeting where the claim will be made. The application must indicate the breed of the horse to be claimed and must state "to be claimed". The application must have the name of a licensed trainer who will be responsible for the care of the claimed horse. In addition to the application, a completed fingerprint card and a check or money order for the license are required.

The application will be processed and will be returned by the Board to the Stewards for a final recommendation. Upon approval, the Stewards may issue a Claim Certificate. When the certificate is exercised, a horse owner's license will be issued. An owner's license is not issued prior to the claim as one of the qualifications for license is the ownership of a qualified race horse.

## **CLAIMED HORSE RESTRICTIONS**

1. Claims shall be made in writing on a form provided by the association. Claims shall be signed and sealed in an envelope provided by the association, and that envelope must be submitted and time stamped by the association not less than 15 minutes prior to post time of the race in which the horse to be claimed is entered.
2. A successful claimant may not transfer or sell a horse he has claimed (for racing purposes) for a period of 30 days. The racing association may demand that the horse be removed from the grounds and the association is not obligated to continue to provide such horse stall space on its grounds.
3. Claimed horses shall race at track claimed. No claimed horse shall race at any other racetrack until after the close of the meeting at which it was claimed, or for 60 days, whichever is shorter, except to fulfill one or more stakes engagements.
4. A Claim Certificate is valid only at the race meeting where issued and is valid for the term indicated on the Certificate by the Stewards.
5. Horses must be claimed in accordance with full registered ownership. If there are two or more owners of a horse through which a claim is made, all must be included in the claim and so recorded thereon.
6. Determination of the true sex of a claimed horse shall be the sole responsibility of the claimant and mistakes in that regard printed in the official program or elsewhere shall not be considered basis for invalidating the claim.

## **WORKER'S COMPENSATION**

Minnesota Racing Commission Rule 7877.0130 Subp. 3D, states that license applications of all trainers must be accompanied by proof of Worker's Compensation Insurance. This is in accordance with Minnesota Statutes Chapter 176.

### **LICENSING FEES (CHAPTER 7877, SECT. .0120)**

4. \$20 - Exercise person, assistant trainer
5. \$15 - Pony person

**MRC PHONE - 952-496-7950**

### **MEDICATION RULES**

The purpose of these rules is to protect the integrity of horseracing, to guard the health of the horse, to cooperate in the establishment of a national medication rule as proposed by the National Association

of State Racing Commissioners, and to safeguard the interests of the public and the racing participants through the prohibition or control of all substances foreign to the natural horse.

All horses participating in racing at Canterbury Park must be in compliance with the Minnesota Racing Commission Rules relating to medication. A Trainer's Manual with explanations of medication rules can be obtained from the Commission's Veterinarians' Office, the HBP Office or the Steward's Office.

Trainers must notify the Commission Veterinarian's Office of the stall location of each horse that is to be treated with Lasix. An attendant must be present at the time of administration. Violation of this rule can result in the horse being scratched and the trainer/assistant trainer fined.

All workouts required by the commission veterinarian for the purpose of potentially removing a horse from the veterinarian's list must be conducted under the same medication requirements as those for race days.

### **RACING SOUNDNESS EXAM**

Each and every horse entered to race shall be subjected to a racing soundness exam on race day and shall be conducted by an official veterinarian or designee. All racing soundness exams shall be conducted outside the stall to which the animal is assigned. The state veterinarian shall keep or cause to be kept a continuing health and racing soundness record of each horse so examined.

### **STALL CLEANING**

Trainers are asked to make sure that the stalls allotted to them for the 2010 meet are clean upon vacating the backside at the end of season. A fee will be charged for stalls not stripped.

## **CHANGE OF EQUIPMENT**

All trainers who request a change of blinkers must first secure a card from the starter.

### **Trainer Employee Lists**

Each trainer must provide a list of all persons in his or her employment to the association's Security Office and must ensure that those persons are licensed by the Commission no later than the next racing day after those employees arrive on the grounds of an association. Upon discharge of an employee, the trainer shall report that fact to the association's Security Office by no later than the end of that racing day.

## **JUVENILES IN THE STABLE AREA**

1. All people under the age of 18 who do not hold a current Minnesota Racing Commission (MRC) License, and are employed in the Stable Area or are not signed in by a legal parent or guardian through the Stable Gate Visitors Log, must obtain a dependent's credential from the Security Department. In order to obtain the dependent credentials, a parent or legal guardian must accompany the dependent and sign for the credential, whereby the parent or legal guardian would accept full responsibility for the dependent, relative to the rules set forth by the MRC and policies set forth by Canterbury Park.
2. The Security Department will identify people under the age of 18 or people who do not hold a current MRC license, who are believed to be employed in the Stable Area and report the findings to the MRC.
3. People under the age of 16 will not be allowed to operate any motor vehicle on Canterbury Park property.
4. Substantial penalties will be levied against any MRC Licensee who employs a person under the age of 16 or who employs people without a current MRC License.
5. Substantial penalties will be levied against any parent or legal guardian who, after an investigative process, has been determined to be neglectful of said dependent.

### **SPECIAL NOTICE**

The Rules and Regulations of racing adopted by the Minnesota Racing Commission govern all races run over the Canterbury Park course. Nominations to these stakes are received only with understanding that the officers of this Association reserve the right to refuse the nomination or the acceptance of a transfer of any nomination for any cause and without notice to the subscriber. No nomination will be received except upon this condition.

That all disputes, claims and objections arising out of the racing or with respect to the interpretation of the conditions of any stake shall be decided by the stewards of this Association or those whom they may appoint—and their decision upon all points shall be final.

Canterbury Park reserves the right to cancel any stake or other race prior to the actual running thereof—without liability—except for the return of nomination and entry fees paid.

If the management considers it inadvisable for any reason to run a scheduled turf race on the turf course, it will be run at a corresponding distance on the main track.

Winner or non-winner of a stated sum means winner or non-winner of a single race of that value to first horse.

Canterbury Park reserves the right to reject any nominations, to reduce the amount of added money, or to cancel any stake at any time prior to the running thereof—without liability—except for the return of the nomination and entry fees.

It is strongly recommended that all horses be vaccinated against EHV1 before entering the grounds.
