SHAKOPEE, MN - On May 14, 2018, the United States Supreme Court issued a decision in *Murphy v. National Collegiate Athletic Association*, ruling that The Professional and Amateur Sports Protection Act violated the United States Constitution. This Murphy decision allows state legislatures across the country to determine whether to legalize sports betting.

Canterbury Park Holding Corporation (“Canterbury Park”) owns and operates Canterbury Park Racetrack, Minnesota's only thoroughbred and quarter horse racing facility. In addition, Canterbury Park's Card Club hosts card games 24 hours a day, seven days a week, offering both poker and table games. The Company also conducts year-round wagering on simulcast horse racing and hosts a variety of other entertainment and special events at its facility in Shakopee, Minnesota.

As Canterbury Park has previously reported, on June 15, 2012, Canterbury Park entered into a ten-year Cooperative Marketing Agreement (“CMA”) with the Shakopee Mdewakanton Sioux Community (“SMSC”). The CMA enhances the purses for daily racing at Canterbury Park and supports cooperative marketing programs for the two organizations, benefiting the stability and quality of live horse racing.

In response to the Supreme Court decision, Canterbury Park Holding Corporation Chief Executive Officer Randy Sampson, stated: “Resources provided by the CMA have improved Minnesota’s horse racing industry and tourism in the RiverSouth region. As part of the agreement, Canterbury Park has obligations to our CMA partners related to proposals to expand gambling in Minnesota. Canterbury Park

will review any 2019 legislation related to sports wagering to determine the potential impact on Minnesota's horse racing industry and will work with our CMA partners to determine appropriate responses."
